

WEEKLY UPDATE

1/9/2021

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility and notification that we received confirmation on January 6th that 29 individuals tested positive for COVID-19, which brings our total number of confirmed cases since the onset of this virus to 108 residents and 67 staff members that have tested positive for COVID-19. We are testing based on our county's current percentage of Covid-19. The current status requires twice per week for all employees and residents. Our testing days are held on Monday and Thursday (this varies during holiday periods). We received the first dose of the Covid vaccination on January 4th and we will let you know when we are scheduled for our second dose

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 702-649-7800.

Sincerely,

Braunwyn Delco
