

WEEKLY UPDATE

May 29, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our facility's weekly update to keep you informed about the status of COVID in our facility and what we are doing to keep our residents and staff safe during the ongoing coronavirus pandemic.

As of today, 10 residents and 1 staff member are positive for COVID-19 in our facility. At this time all are resolved. We have administered a total of 355 tests. We have been working hard to make sure activities remain consistent and safe to maintain a quality of life for residents.

We remain committed to protecting our residents and staff and preventing further spread of this virus. As we previously reported, we will continue to implement and practice enhanced safety precautions recommended by our federal, state and local health officials, such as, only allowing essential personnel inside the facility, performing regular screenings for signs and symptoms of illness prior to entering the building, continually monitoring residents, performing regular deep cleanings, using PPE as recommended by the CDC, providing individual activities as opposed to group activities, implementing isolation protocols as required, and reminding and encouraging staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.

As a reminder, we will continue to post updates on our facility website and we will individually notify representatives/families regarding a resident's condition if he/she tests positive for COVID-19 or is displaying symptoms of COVID-19. If you have any questions or concerns please contact us directly 702-649-7800.

Sincerely,

Braunwyn Delco
